Mr. R. J. Armbruster
801 Brookside Dr.
Brick, NJ 08753

Dear R.J.:

I want to thank you for the work you completed on the IT wiring project in Borough Hall here in Deal.

After seeing you in action, I could tell that you do quality work and had a concern for the customer and the final results. The system looks great, very neat and organized, and from all accounts, it appears to be working as designed. It was gratifying to see that you took great pride in the work that you completed.

Most people will not see the effort that went into your work, but I do. I just want to thank you and compliment you on a job well done! I hope that you are available for the next project I am involved in.

Sincerely,

James F. Rogers
Borough Clerk/Administrator
